

on no other farm will be delivered to CCC.

(c) Upon request by the producer before transfer, the county committee may approve the transfer of a quantity of a commodity that is pledged as collateral for a farm-stored loan to a warehouse-stored loan at any time during the loan period.

(1) Liquidation of the farm-stored loan or part thereof shall be made through the pledge of warehouse receipts for the commodity placed under warehouse-stored loan and the immediate payment by the producer of the amount by which the warehouse-stored loan is less than the farm-stored loan or part thereof and charges plus interest. The loan quantity for the warehouse-stored loan cannot exceed 110 percent of the loan quantity transferred from the farm-stored loan.

(2) Any amounts due the producer shall be disbursed by the county office. The maturity date of the warehouse-stored loan shall be the maturity date applicable to the farm-stored loan that was transferred.

(d) Upon request by the producer before the transfer, the county committee may approve the transfer of a warehouse-stored loan or part thereof to a farm-stored loan at any time during the loan period. Quantities pledged as collateral for a farm-stored loan shall be based on a measurement by a representative of the county office before approving the farm-stored loan. The producer must immediately repay the amount by which the farm-stored loan is less than the warehouse-stored loan and charges plus interest on the shortage. The maturity date of the farm-stored loan shall be the maturity date applicable to the warehouse-stored loan that was transferred.

(e) The quantity of a commodity pledged as security for a farm-stored loan or for which a loan deficiency payment is requested may be determined on the basis of the quantity of the commodity that an eligible producer certifies in writing on Form CCC-666 for a loan and Form CCC-666 LDP or CCC-709, as applicable, for a loan deficiency payment, is eligible to be pledged as collateral and is otherwise available for loan or loan deficiency payment purposes.

(f) If the county committee determines, by measurement or otherwise, that the actual quantity serving as collateral for a loan is less than the loan quantity, the county committee shall take the actions specified in § 1421.16.

#### **§ 1421.18 Warehouse-stored loans.**

(a) The quantity of a commodity that may be pledged as collateral for a loan shall be the quantity of any eligible commodity delivered to CCC for storage at an approved warehouse. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) To be eligible to be pledged as collateral for a loan, the commodity must not be Sample Grade and must meet the requirements of § 1421.5 and the commodity eligibility requirements, as determined by CCC. These requirements are available at State and county offices.

#### **§ 1421.19 Liquidation of loans.**

(a) If a producer does not pay to CCC the total amount due in accordance with a loan, CCC shall have the right to acquire title to the loan collateral and to sell or otherwise take possession of such collateral without any further action by the producer. With respect to farm-stored loans, the producer may, as CCC determines, deliver the collateral for such loan in accordance with instructions issued by CCC. CCC will not accept delivery of any quantity of a commodity in excess of 110 percent of the outstanding farm-stored loan quantity. If a quantity in excess of 110 percent of the outstanding farm-stored loan quantity is shown on the warehouse receipt or other documents, the producer shall provide replacement warehouse receipts and delivery documents. If the warehouse receipt and such other documents applicable to the settlement are not replaced showing only the quantity eligible for delivery, CCC shall provide for such corrected documents and apply charges for such service, if any, to the producer's account as charges for settlement on the loan.

(b) If the producer desires to deliver eligible commodities to CCC in satisfaction of the loan, the producer must notify CCC of such intention before the

loan maturity date by giving written notice to the county office that disbursed the proceeds for such loan. If the producer fails to deliver such commodities to CCC by the date specified on Form CCC-691, Commodity Delivery Notice, and the producer subsequently redeems the commodity pledged as collateral for the loan before delivery is completed, interest shall continue to be assessed on such amount in accordance with part 1405 of this chapter.

(c) If, either before or after maturity, the commodity is going out of condition or is in danger of going out of condition, the producer shall so notify the county office and confirm such notice in writing. If the county committee determines that the commodity is going out of condition or is in danger of going out of condition and the commodity cannot be satisfactorily conditioned by the producer and delivery cannot be accepted within a reasonable length of time, the county committee shall arrange for an inspection and grade and quality determination. When delivery is completed, settlement shall be made on the basis of such grade and quality determination or on the basis of the grade and quality determination made at the time of delivery, whichever is higher, for the quantity actually delivered.

(d) If the producer loses control of the storage structure, or if there is insect infestation that cannot be controlled, danger of flood, or damage to the storage structure making it unsafe to continue storage of the commodity on the farm, the commodity may be delivered before the maturity date of the loan upon prior approval of the county committee in accordance with paragraph (a). Settlement will be made with the producer as provided in § 1421.22.

**§ 1421.20 Release of the commodity pledged as collateral for a loan.**

(a) A producer, when requesting a loan shall designate specific storage structures on Form CCC-677, in accordance with § 1421.17(b)(1). The producer is not required to request prior approval before moving loan collateral between such designated structures. Movement of loan collateral to any other structures not designated on CCC-677, or the

disposal of such loan collateral without prior written approval of the county committee, shall subject the producer to the administrative actions specified in § 1421.16. A producer may at any time obtain the release, in accordance with this section, of all or any part of the commodity remaining as loan collateral by paying to CCC, with respect to the quantity of the commodity released:

(1) The principal amount of the loan that is outstanding and charges plus interest; or

(2) If CCC so announces, an amount less than the principal amount of the loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such loan in accordance with § 1421.25. The producer may request and CCC may approve removal of a quantity of the commodity from storage, without the payment to CCC of the loan amount, if the principal amount outstanding on such loan before such removal does not exceed the maximum loan value of the quantity of the commodity remaining in storage after such removal. When the proceeds of the sale of the commodity are needed to repay all or a part of a farm-stored loan, the producer must request and obtain prior written approval of the county office on a form prescribed by CCC in order to remove a specified quantity of the commodity from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office. Any such approval shall not constitute a release of CCC's security interest in the commodity or release the producer from liability for any amounts due and owing to CCC with respect to the loan indebtedness if full payment of such amounts is not received by the county office. If a producer fails to repay a loan within the time period prescribed by CCC for a farm-storage loan and commodity pledged as loan collateral has been delivered to a buyer in accordance with Form CCC-681-1, Authorization for Delivery of Loan Collateral for Sale, such producer may not repay the loan at the
